SUBJECT: Amendment #H08, to amend the FY 2010-2013 Statewide Transportation Improvement Program (STIP)

Dear Mr. Hartman:

The projects listed below were included in the FY2010-2013 STIP under 'grouped' status. Funding is requested to be shifted to ARRA program funds to close out the ARRA funding year. Therefore the projects need to be shown individually in the STIP due to Idaho's recognition of the special funding source and associated reporting requirements. The change in funding was discussed with COMPASS and KMPO staff. Their staff will present the changes to each respective Board at their next meetings.

Key No. District	Project Description Route	Work Type Actual Cost	Fiscal Year
12232 D1	Conkling Rd: Larson to Benewah Co. Line STC-5722	Pavement Rehab \$1,764,000	2010 (funds phases 2-5)
12250 D3	Curtis Rd Traffic Signal Upgrade SMA-7113	Signal Upgrade \$290,000	2010
12255 D3	Ustick Rd Traffic Signal Upgrade SMA-7143	Signal Upgrade \$271,000	2010

No further public involvement is required nor is there any air quality conformity required. The Idaho Transportation Department certifies that the above project action was in accordance with all applicable requirements as described in Section 450.218 of the Statewide Planning Regulations, dated February 14, 2007. The STIP continues to be consistent with the Statewide Transportation Plan as approved by the Idaho Transportation Board in July 2004 and remains fiscally constrained.

Sincerely,

A handwritten signature in dark ink, appearing to read "Matt Moore". The signature is fluid and cursive, with a small flourish at the end.

MATTHEW E. "Matt" MOORE, M.A.
Transportation Planning Administrator
